Article 12

Pursuant to the provisions of the second paragraph of Article 14 of the aforementioned Law No. 36.21, the central authority shall host the national registry on the central electronic platform of the government authority responsible for internal affairs.

The central authority shall connect all civil status offices within and outside the Kingdom to the central platform via a special information network.

The central authority or its delegate shall be responsible for granting permission to open or close accounts for persons authorized to access the information system.

The government authority responsible for foreign affairs shall open or close accounts for persons authorized to access the information system at the civil status offices of Moroccan diplomatic missions and consular centers abroad.

Article 13

The central authority shall make available to the judiciary, administrations, public institutions and bodies, local authorities, and contractors a civil status portal with informational and interactive features, enabling them to access electronic services available via the Internet.

Article 14

The directors and administrators of the institutions and bodies referred to in Article 20 of the aforementioned Law No. 36.21 shall make the initial declaration of births and deaths occurring in their respective jurisdictions through the spaces designated for them on the civil status portal, by filling out the form prepared for this purpose.

Local administrative authorities, with the exception of the places referred to in the first paragraph above, shall make the initial declaration of births and deaths occurring within their territorial jurisdiction, in the same manner as provided for in the first paragraph of this article.

Pursuant to the provisions of Article 25 of the aforementioned Law No. 36.21, the competent public prosecutor shall declare births involving children of unknown parents or abandoned children in the same manner as provided for in the first paragraph above.

Chapter II

Offices and districts of cities

Article 7

Pursuant to the provisions of the first paragraph of Article 4 of the aforementioned Law No. 36.21, the president of the municipal council shall issue a decision to open a branch office or branch offices for civil status, based on a decision of the municipal council, provided that the technical criteria and conditions specified by a decision of the Minister of the Interior are met, signed by the governor or the regional governor or his representative within twenty (20) days of the date of receipt by the president of the municipal council.

Article 8

The president of the community council may issue a decision to abolish any civil status branch office when the conditions for its establishment no longer apply, in accordance with the procedures referred to in Article 7 above.

Article 9

The central authority, or its delegate, shall link civil status offices and update the list of civil status offices and civil status officers in the digital system whenever a civil status office is established or abolished within or outside the Kingdom, based on decisions issued by the presidents of community councils or the government authority in charge of foreign affairs.

- Tracking and verifying the authenticity of qualified electronic signatures; - Issuing civil status extracts when necessary;
- Overseeing the process of assigning a civil-social digital identifier to each person registered in the national civil registry;
- Preparing and publishing reports and statistics relating to the National Civil Registry.

Chapter VI

Article 6m and Article 7 for Cities 7

Section I

General Provisions

Article 19

Pursuant to the provisions of Article 1 of the aforementioned Law No. 36.21, an electronic birth certificate and an electronic death certificate shall be recorded in the National Registry.

Each electronic birth or death certificate is automatically assigned a unique serial number by the computer system at the beginning of each calendar year, to which is added the civil registry office code and the year of declaration.

The form and template of the electronic birth and death certificates shall be determined by a decision of the Minister of the Interior.

Article 20

All civil status records shall be kept by the computer system for the purpose of registering, recording, updating, and storing the electronic birth or death certificates referred to in Articles 21 and 24 of this decree.

Article 15

The head of the family court, the head of the court registry of the competent court, the head of the diplomatic mission, or the Moroccan consular center abroad shall forward summaries of the marriage or divorce documents to any civil registrar within a period not exceeding fifteen (15) days from the date of the letter on the document via the digital system in the space provided for that purpose, by filling out the form prepared for that purpose.

The civil registrar shall include the marriage and divorce certificates in the birth records of the persons concerned.

Article 16

The contracting party may make the initial declaration of birth or death, or request the inclusion of a marriage or divorce certificate through the civil status portal by filling out the form prepared for this purpose.

Article 17

Pursuant to the provisions of Article 30 of the aforementioned Law No. 36.21, a civil-social identification number shall be assigned, in accordance with the characteristics set out in the legislation relating to the system for targeting beneficiaries of social support programs and the creation of the National Registry Agency, **and** the texts adopted for its implementation.

Chapter V

Yes, I am a citizen of the city of 7

Article 18

In accordance with Articles 15 and 16 of the aforementioned Law No. 36.21, the central authority shall be responsible for the following:

- Manage, protect, and secure technical infrastructure and information systems; - Oversee the management of the digital system in civil status offices linked to the central platform;
- Ensuring compliance with the legislative and regulatory texts relating to the national civil status register;
- Establishing regulatory and technical controls relating to the national civil registry;

Section III Electronic

death certificate

Article 24

The electronic death certificate includes the following information: -

Details of the death;

- Information about the deceased;

- Information about the deceased's father, if

known; - Information about the deceased's mother,

if known; - Information about the person reporting

the death;

- Additional information related to the death certificate;

- Information about the civil registrar and their electronic signature.

Article 25

The declaration of death shall be supported by one of the following documents:

1. Death certificate sent electronically as part of the initial declaration via the digital system by one of the following persons:

- A doctor or nurse working in the collective health office;

- A doctor or nurse working in a public health institution;

- A doctor working in a private health institution if the death occurred within that health institution;

If none of the above persons are available within the territorial jurisdiction of the community concerned, the president of the community council may appoint a doctor practicing in the private sector to certify the death and issue a death certificate, which shall be sent electronically via the digital system.

2. An administrative death certificate sent electronically via the digital system by the local administrative authority if none of the persons referred to above are available.

Section II

Drafted by Ektruni Y6Lada

Article 21

The electronic birth certificate shall contain the following information:

- Information about the birth;

- Information about the newborn;

- Information about the father of the newborn,

if known; - Information about the mother of the

newborn, if known; - Information about the person

who declared the birth;

- Additional data relating to the birth certificate;

- Information about the civil registrar and their electronic signature.

Article 22

In addition to the birth certificate issued electronically through the digital system by the attending physician, midwife, or, where applicable, an administrative birth certificate issued electronically by the local administrative authority, the declaration of birth shall be supported by one of the following documents, as applicable:

- A copy of the marriage contract, where one or both parties are Moroccan, concluded in accordance with the provisions of the Family Code, only when declaring the first birth;

- A document acknowledging paternity, accompanied by two complete copies of the parents' birth certificates;

- A complete copy of the mother's birth certificate, if the child is born to

an unknown father. Article 23

The declaration of birth of Moroccans residing abroad shall be transferred to the National Civil Registry by Moroccan diplomatic missions and consular centers, based on a complete copy of the birth certificate submitted by the declarant, legally certified by the competent authorities of the country where the birth took place, accompanied by a copy of the birth parents' marriage certificate or a document acknowledging paternity, or a complete copy of the mother's birth certificate if the child was born to an unknown father.

As for children born abroad to a Moroccan mother who have not been previously registered in the Moroccan civil status, they shall be registered in the national register, in accordance with the provisions of Article 23 of this decree.

Except in the cases referred to in the first and second paragraphs of this article, the birth of a person who has acquired Moroccan nationality shall only be recorded in the national register pursuant to a declaratory judgment of birth issued by the competent court.

Persons acquiring Moroccan nationality may, upon registration in the national register, retain their first name and surname, provided that this does not undermine public morals or public order.

The documents required for the registration of persons acquiring Moroccan nationality in the national register shall be determined by a decision of the Minister of the Interior.

Section IX

Procedure for the issuance of birth certificates and family registers

Article 36

The civil status officer concerned shall direct the request to correct material errors in the electronic data contained in the national register via the digital system to the central authority or its delegate, in order to obtain authorization to correct the electronic data that has been validated via the information system, indicating the type of data or data in which the material error has occurred.

The applicant may submit his request for the correction of material errors in his electronic record, after it has been endorsed by any civil status officer, to the central authority or its delegate, in accordance with the same procedures as those set out in the first paragraph above.

Article 37

Pursuant to the provisions of Articles 13 and 48 of the aforementioned Law No. 36.21, the civil status officer shall, through the computerized system, update the electronic record and correct any errors therein, as part of the process of digitizing records kept in paper form, while certifying electronic records based on the digital or paper version of the civil status record.

If, after the electronic signature referred to in the first paragraph above has been certified, it is found that it still contains a material error, the provisions of Article 36 above shall apply.

Section VII

Personal Name

Article 33

If the chosen name does not meet the criteria and conditions set forth in Article 34 of the aforementioned Law No. 36.21, and the declarant insists on his choice, the civil registrar shall receive the declaration on a temporary basis and refer the matter to the High Commission for a reasoned decision of acceptance or rejection.

The Higher Committee shall notify the civil registrar concerned of its decision via the digital system, who shall in turn inform the person concerned of this decision.

Article 34

A request to change a foreign personal name may be submitted to the High Commission via the digital system by Moroccan citizens registered in the national register, if they are of legal age, or by their father, mother, legal guardian, or legal representative, indicating the reason for the change and supported by digital copies of the necessary documents specified by a decision of the Minister of the Interior. If this is not possible through the digital system, the request may be submitted to any civil status officer, accompanied by the necessary documents.

The Higher Committee shall decide on requests to change foreign personal names in the same manner as provided for in Article 31 of this Decree.

Section VIII

Procedure for obtaining a Moroccan passport for a foreign national

Article 35

The birth of a person who has acquired Moroccan nationality shall be recorded in the national register by any civil registry office, provided that the person was born in Morocco and was previously declared as a foreigner in the Moroccan civil registry. This shall be done as follows:

- His electronic birth certificate in the national registry indicates that he has acquired Moroccan nationality, including the reference number of the document granting him Moroccan nationality at birth.
- Or, if his mother is Moroccan, his electronic birth certificate in the national registry indicates that he has been granted Moroccan nationality under the legislation relating to Moroccan nationality.

Chapter VIII

Family register for electronic extracts of RS6M and HA7 for cities 7

Section I

Family register for electronic registration

Article 42

The electronic family register shall contain the following data:

- Data from the birth certificate of the holder of the booklet and data on his death, after registering a summary of the death certificate;
 - Summary of marriage data and summary of data on the dissolution of the marriage contract, if applicable;
 - Summary of the birth certificate of the wife or wives and summary of the death certificate of the wife or wives after registering the summary of the death certificate;
 - The national electronic identification card number and civil-social digital identifier for both the husband and wife or wives;
 - A birth certificate for each child and a death certificate after registering the death certificate;
 - Additional data relating to the updating of electronic birth or death certificates; - Date of delivery of the family register, the office to which it was delivered, and the name of the civil registrar
- his prescription and electronic signature with an electronic time stamp, in addition to digital data proving the authenticity of the extract. Article

43

Any Moroccan citizen who is married and registered in the national registry may apply to any civil registry office for a copy of their electronic family register, and may also request this via the digital system or by any available means of communication.

A copy of the electronic family register shall be delivered via the computer system to each spouse or spouses, to the divorced woman if she has a child, and to the legal representative.

The mother of a child of unknown paternity may request a copy of her own electronic family register.

The form and model of the electronic family register shall be determined by a decision of the Minister of the Interior.

Article 38

If, during the monitoring of the work of civil status officers, it is found that the electronic civil status record contains material errors, the central authority or its delegate shall notify the civil status officer concerned to initiate the procedure for correcting the material errors.

Article 39

In the event of material errors in the electronic civil status records held by Moroccan diplomatic missions and consular centers abroad, the government authority responsible for foreign affairs or its delegate shall apply the procedure for correcting material errors set out in this section.

Section X

Deadlines relating to 7 and 6 pieces of birth and death certificates

Article 40

Pursuant to the provisions of Article 21 of the aforementioned Law No. 36.21, the deadline for completing the birth or death declaration is set at thirty (30) days from the day following the birth or death.

However, the period specified in the first paragraph above shall be extended to one year for births and deaths of Moroccans residing abroad.

Pursuant to Articles 31 and 40 of the aforementioned Law No. 36.21, the period for births and deaths of Moroccans occurring during air or sea travel shall be calculated from the day following the date of arrival at the first airport or port.

Pursuant to the provisions of Article 39 of the aforementioned Law No. 36.21, the civil registrar shall register the death within a period of sixty (60) days starting from the day following the date of death.

If the last day falls on a holiday, the period shall be extended to the first working day thereafter.

Article 41

The central authority shall take the decisions provided for in Articles 21 and 43 of the aforementioned Law No. 36.21 within a period not exceeding 60 days from the date of submission of the request.

Special spaces shall be created within the digital system for the benefit of the competent authorities for the exchange of civil status statistics and data.

Chapter X

Required by Article 7 of Chapter 7

Article 47

The provisions of this decree shall enter into force gradually, in accordance with the provisions of Article 59 of the aforementioned Law No. 36.21, taking into account the provisions of Articles 7, 19, 27, 30, 34, 35, 43, and 45 above.

Article 48

All regulatory texts relating to civil status, in particular Decree No. 2.99.665 of 2 Sha'ban 1423 (9 October 2002) implementing Law No. 37.99 on civil status, as amended and supplemented, shall be repealed, subject to the provisions of Article 47 above.

Article 49

The implementation of this decree, which shall be published in the Official Gazette, shall be entrusted to the Minister of the Interior and the Minister of Foreign Affairs, African Cooperation and Moroccans Abroad, each within their respective areas of competence.

Done at Rabat on 3 Dhu al-Hijjah 1444 (22 June 2023).

Signed: Aziz Akhannouch.

Section II

Extracts from RS6M and HA7 for cities 7 for Ectreln 7

Article 44

Copies of electronic civil status certificates extracted from the national registry via the computerized system are classified into three types:

- A copy of the electronic civil status record;
- A complete copy of the electronic civil status record; - A summary copy of the electronic civil status record.

Article 45

The copy of the electronic civil status record shall include all the data contained in the record, listed in chronological order of the changes made to the data.

The complete copy of the electronic civil status record shall include all data in the record according to the latest update of changes made to the data in the record.

The summary version of the electronic civil status record includes a summary of the basic record data according to the latest update of the record data.

The format and template for copies of electronic civil status records shall be determined by a decision of the Minister of the Interior.

Chapter IX

Statistics and Data Exchange for Cities 7 Electronic Data Exchange

Article 46

National registry statistics and data shall be exchanged between the central authority and the competent departments in accordance with the agreements provided for in Article 18 of this decree.

The protocols attached to the agreements referred to in the first paragraph above shall specify the procedures for the electronic exchange of civil status statistics and data.

the following is hereby decreed:

Article 1

Approves design No. 02/2021 and the related regulations concerning the development of the center of the commune of Taghazout in the province of Agadir-Ida-Outanane, declaring it to be in the public interest.

The main objective is to manage the bodies responsible for the collective management of transferable securities. This project will therefore replace the creation of the company called "CIH Management" .Capital. Following the Board of Directors' approval of the real estate and tourism loan during its meeting held on March 15, 2023, for the acquisition of BMCI Asset Management, the real estate and tourism loan will change the name of this company from "BMCI

CIH Capital Management" to "BMCI Asset Management".

This project is part of the strategy adopted by the bank for 2021 and 2022, which aims to provide it with its own collective savings management products, in addition to the possibility of developing life insurance or retirement products, which require the operation of structures such as mutual funds (FCP), undertakings for collective investment in transferable securities (UCITS), and investment companies with variable capital (SICAV).

This project will enable the real estate and tourism loan to invest more quickly in the asset management sector and acquire an operational management company that controls forty approved collective investment undertakings, as well as experienced human resources and a distribution network of 300 active agencies.

This project also aims to strengthen the market share of this banking institution and achieve strong synergies with the Moroccan Bank for Trade and Industry through its distribution network, in addition to positioning itself around new levers for the development of asset management activities.

The activity of Management Asset BMCI, with a capital of MAD 1 million, consists of managing entities responsible for the collective investment of transferable securities.

The financial projections for the company's business plan for the period 2023-2027 show that the target company's total net banking income will increase from approximately MAD 29 million in 2023 to approximately MAD 51 million in 2027, representing an average annual growth rate of 15%.

As for net income, it is expected to increase during the same period from approximately MAD 11 million to more than MAD 21 million, representing an annual growth rate of 18.6%.

Under the agreement signed between the Real Estate and Tourism Loan Company and the Moroccan Bank for Trade and Industry to contribute 100% of the target company's capital, the latter will continue to promote the company's services through its network of agencies for a minimum period of five years, with the possibility of extending this period to eight years if both parties agree. This is in view of the objectives of this project, which are in line with the strategy adopted by the bank.

And on the minutes of the meeting of the new Fez Municipal Council during its extraordinary session held on September 28, 2022;

and the minutes of the meeting of the committee responsible for examining public submissions and council proposals on March 1, 2023;

and on the proposal of the Minister of National Land Use Planning, Urban Development, Housing, and City Policy,

the following is hereby decreed:

Article 1

Approves design No. 75/A.U.F and the related regulations concerning the development of the old city of Fez in the municipality of Fez-Mashour, the district of Fez-Mashour, and part of the district of Jnan Al-Ward in the municipality of Fez in the province of Fez, declaring that this is in the public interest.

Article 2

The implementation of this decree, which shall be published in the Official Gazette, shall be entrusted to the President of the Fez Municipal Council and the President of the New Fez Municipal Council, each within their respective areas of competence.
